PROFILE

Motivated and detail-oriented Web Developer with a strong foundation in front-end and back-end technologies. Skilled in building responsive, user-friendly web applications and eager to contribute to dynamic development teams. Passionate about learning new technologies and delivering efficient solutions

WORK EXPERIENCE

Web Developer (Intern/Freelance)

• Assisted in designing and developing responsive web applications.

• Collaborated with senior developers to implement front-end features using React and Tailwind CSS.

• Improved page load times and optimized performance for better user experience.

Projects

Task Management App

Developed a drag-and-drop task management tool with user authentication and real-time updates.

E-commerce Dashboard

Built an admin dashboard for managing users, products, brands, and payments using Laravel and MySQL

Full-Stack URL Shortener Service

full-stack URL shortening service built with the MERN stack (MongoDB, Express.js, React, Node.js).
